The University of Mississippi

Mandated Assessment

Summary/Purpose: To provide the University with an opportunity to help reach students who may be in need of support but who are unwilling or unable to take advantage of these services.

Mandated Assessment Policy
The University of Mississippi is concerned for every student on our campus and for our entire campus community. In an effort to more effectively serve our students and our community, the Student Intervention Team (SIT) has put in place these guidelines to help reach students who may be in need of support but who are unwilling or unable to take advantage of these services.

What is a mandated assessment?
A mandated assessment is an opportunity for the University to determine if a student is in need of help or support. The assessment involves an individual meeting with a designated staff member at the University Counseling Center (UCC). Following this initial meeting, additional services may be deemed necessary by the designated counselor. These services could include but are not limited to, referral to the University Psychiatrist for additional evaluation, additional sessions with the UCC counselor, or referral to outside agent for additional assessment.

How does a student get referred for a mandated assessment?
Any University employee or student may recommend a student to SIT for possible mandated evaluation. Reports also may come from parents or others concerned about a student. Once the SIT determines that a mandated assessment is necessary, the process is set into motion.

Who makes the decision that a student be provided a mandated assessment?
The decision is made by the SIT after careful consideration of the information given and determining the best course of action.

What behaviors typically lead to a mandated assessment?
Behaviors that may lead to a mandated assessment include but are not limited to:
- Threat to self
- Threat to others
- Self-destructive behaviors
- Concern that the student may not be fit to function in or remain in the academic community.

Is the assessment confidential?
Yes, the session with the counselor is confidential. However, the student will be required to sign a release of information so that the counselor can communicate with SIT to help make recommendations for further action. No one else will have access to any information without written permission from the student being assessed. Student files will be maintained at the UCC.
**What happens once the student is referred for assessment?**
Once the SIT has determined that a mandated assessment is needed, the student will be contacted by a representative of SIT regarding an appointment with the UCC. This will take place as soon as possible. The assessment will be completed at the UCC, and the student will be asked to complete the typical intake information used by the UCC as well as information specific to the mandated assessment.

**Can the student request that the assessment be done by someone other than the UCC?**
Yes, a student may choose to have a similar assessment completed by a licensed mental health professional with credentials comparable to those of the UCC staff. The student will be responsible for the cost of this assessment and must sign a release allowing the SIT to communicate with the professional conducting the assessment.

**What happens following the assessment?**
The results of the assessment are provided to the SIT, and the team will make the decision as to what actions are necessary for the student’s well-being and the University community. Possible outcomes following the assessment could include but are not limited to: no further action required (student continues enrollment at the University); referral to the University Psychiatrist for additional evaluation; additional sessions with the UCC counselor; referral to outside agency for additional assessment; possible judicial sanctions; or the invocation of the Involuntary Withdrawal Policy.

**Does the student have the right to appeal the decision of SIT?**
Yes, a student may appeal the final decision of SIT to the Vice Chancellor for Student Affairs. The appeal will follow the same guidelines outlined in the Involuntary Withdrawal Policy.

**What if the student refuses to comply with the mandated assessment?**
If a student refuses to participate in the mandated assessment, the SIT will begin the process of invoking the Involuntary Withdrawal Policy.

A mandated assessment will only be one part of the overall picture of the student and will not be the sole determining factor for action taken regarding the student.
