Disbursement of Financial Aid Funds

**Summary/Purpose:** The disbursement of financial aid funds.

Scholarships, loans, and grants that are ready for release will credit to students bursar account prior to the first day of classes each term. If the amount of aid exceeds the balance that the student owes the university, the bursar’s office will wire the funds to the student’s checking account, if the student signed up for direct deposit. For students who have not signed up for direct deposit, a check will be mailed to their billing address. Students cannot pick up checks in person. Direct Deposit applications are available at [http://www.olemiss.edu/depts/financial_aid/online/DirectDepositInformation.htm](http://www.olemiss.edu/depts/financial_aid/online/DirectDepositInformation.htm). Parents may also sign up for direct deposit for PLUS loans. Federal Work-Study checks, based upon actual hours worked, are issued bimonthly by mail or direct deposit through the Payroll Department of Human Resources.

For student financial aid purposes, the university’s Office of Financial Aid considers Wintersession as a part of the spring semester. Awarding and disbursement of aid will be based on the combined number of hours in which students are enrolled.
