

## **Health and Safety Policy**

**Summary/Purpose:** The Health and Safety Policy details the University's commitment to providing a clean and healthful place of employment, and to comply with all applicable safety and environmental regulations.

### **University Health and Safety Policy**

As a responsible institution of higher education, this University's laboratories, offices and other facilities shall be maintained as clean and healthful places of employment. Every effort shall be made to design and operate all University facilities in compliance with the spirit and letter of federal, state and local health and safety regulations. The University shall endeavor to promptly provide current and comprehensive information on potential adverse health and safety effects as well as appropriate management procedures for all hazardous materials handled by both our employees and our students.

In order to implement this policy, the rules and regulations given in the University Safety Manuals shall be complied with by all University personnel. Assistance with specific health and safety problems may be obtained from the Laboratory Services.
